

be mercury free

**Exchange your old, silver mercury thermometer
and receive a FREE new digital thermometer!**

When: *Wednesday, November 26th 10 a.m. – 2 p.m.*

Where: *Land Park Leader Pharmacy
4404 Del Rio Road,
(in the shopping center on the corner of Sutterville Rd. and Del Rio Rd.)*

How to Identify a Mercury Thermometer

*All glass thermometers
have silver tips, but
only mercury
thermometers feature
a "silver" liquid
in the column to
gauge temperature.
Alternatively, alcohol
thermometers contain
red or blue liquid in the
column and are not
considered harmful.*

**Mercury can be harmful to the environment and human health.
Protect yourself and your family—use mercury-free alternatives.**

The Sacramento Regional County Sanitation District's Be Mercury Free program is a proud partner of the Road to Wellness health fairs, sponsored by Leader Pharmacies and UC Davis Medical Group. Visit the November 26th event for health screenings, blood donations or to exchange a silver mercury thermometer. For more information on the Be Mercury Free program, visit www.bemercuryfree.net or call (916) 875-6644.
